Re: Glacier Jeep Rentals Acquisition

Dear Mr. Steve Santens,

It is with pleasure that I write this letter of advocacy expressing my gratitude for all your efforts put forth to bring my business purchase to closure. From the onset and throughout the process you as the owner of Montana 406 Business Brokers Inc. exhibited the necessary expertise and professionalism which made way for a positive interaction between all parties. In addition, the personal touch which you put forth to help us when we arrived in Montana by picking us up at the airport as well as a number of other things you went above and beyond to do for my Dad and I while we were there certainly helped us and made us feel welcomed throughout our entire visit and beyond up to this day. I believe that not only did I gain a trusted business broker which I will turn to as my company looks to expand its business footprint but have also gained the value of a great friend.

Subsequently we believe we are fortunate to have had the opportunity for you to be our man throughout the process and beyond. Your earnest efforts have made way for me to have acquired a business I have always dreamed of. Which leads me to one of the points that stands out in helping to make that dream come true. The manner in which you presented and interacted with the sellers with regards to our offer while maintaining our position alongside the other offers, clearly demonstrated you are a man of integrity. That conduct I believe allowed me to be the party that the sellers ultimately agreed would be their final choice in who they would agree to sell their business to.

In closing I would like to sincerely thank you for all that you have done to help my dream of owning Glacier Jeep Rentals a reality. I look forward to the times I will be spending in Columbia Falls and further developing a relationship with you and your company.

Kind Regards,

Tom Vitale Jr. President
